Creszendo Sconce

INTEGRAL POWER SYSTEM

PROJECT:

APPLICATION

The crescent shaped LED Creszendo sconce is a scalable, classic form designed specifically for auditoriums and theatres. Features 2" standard or 3" custom offset mounting bracket to create clearance for sound panels, drapes or curtains behind the sconce.

Designed with the Tempo Configurable Lighting Platform, CLiP®, Creszendo provides limitless opportunities to tailor the scale, illumination and aesthetic to a space. Create a signature design with multiple diffuser and decorative accent options.

CONSTRUCTION

- 10" wide or 12" wide models
- Scalable from 16" 76" in 6" increments
- Die Cast aluminum LED housing modules
- Optional aluminum end caps with frosted acrylic uplight and downlight windows
- A patented two-piece construction simplifies installation. Mounting bracket is installed and wired during rough-in. Sconce is hooked onto the mounting bracket which auto-connects power to sconce during finishing phase.
- Trim is powder coated in Bronze, Light Silver, Black or White.

OPTICS/LENS/DIFFUSER

- Acrylic, white smooth diffuser (WS) provides even surface luminance
- Standard vinyl on acrylic options include White Marble (WM), Blue Marble (BM), Amber Swirl (AS) and Yellow Linen (YL).
- Stainless metal mask plates available with Dots (MD), Bars (MB) or custom patterns (MM) and secured over a smooth white diffuser.

POWER SYSTEM

- · 120V Integral Driver
- ELV & Triac dimming options

PERFORMANCE

- 9W/ft or 14W/ft. (Lumens are dependent on the diffuser)
- Power Supply Total Harmonic Distortion <20%, Power Factor >0.9
- Operating temperature range of -20°C to 50°C

LIGHT CHARACTERISTICS

- Available in 2700K, 3000K, 3500K, 4000K color temperature and Red, Green, Blue or Amber.
 The uplight and downlight modules may be specified with a different color or color temperature than the primary backlight.
- LED's are selected and placed on the printed circuit boards via Tempo's UniBin® process which ensures consistent hue and color within the entire installation Color variations are held to a minimum, within a 2-step MacAdam ellipse.

WARRANTY

Tempo provides a 5-year limited warranty.

A 10-year limited warranty will apply when installed by a Tempo Certified Installer.

86,000 HOURS

L85 LUMEN MAINTENANCE

LED Luminaires will reach 85% of initial lumen output at or beyond 86,000 hours at 25°C.
